

Blackfinch Adapt AIM Portfolios

The Adapt AIM Portfolios invest in fast-growing firms listed on the Alternative Investment Market (AIM). We only invest where we believe stocks qualify for Business Relief (BR). BR can deliver Inheritance Tax (IHT) relief after just two years¹ (and if held at the time of death).

AIM brings return potential and the ability to hold in an AIM ISA. The portfolios offer growth and income options. We manage them in partnership with Chelverton Asset Management, a smaller companies specialist with a proven track record.
