

Blackfinch Ventures EIS Portfolios Q1 2025

Portfolio Update

In the first quarter of 2025, many companies within the Blackfinch Ventures EIS Portfolios delivered strong revenue growth, despite a challenging economic backdrop. Here are the highlights.

Growth Leaders

Despite broader economic challenges in the first quarter of the year, many portfolio companies saw strong increases in both revenue and growth.

Payaca saw an 84% jump in annual recurring revenue, driven by its partnership with Ovo.

PROPRLI

Proprli achieved an impressive 72% year-on-year growth, supported by key new contracts in Europe, with more deals in negotiation which are expected to boost growth further in the coming months.

Beings delivered a remarkable 116% increase in annualised recurring revenue.

Investment Activity

No new investments were made during the quarter, but on 1st April, a total of 12 investments were made; including three exciting new investments which will be discussed in the Q2 update.

Milestones and Contracts

Brooklyn Solutions signed new contracts with major clients, including L&G and Mars Petcare Nutrition, set to boost its annualised recurring revenue by £1.3m.

Spotless Water has

launched partnerships with both Morrisons and Motor Fuel Group.

Twelve companies within the Blackfinch Ventures EIS Portfolios are growing 1.5x per annum or more, with three **(Currensea, Tended and Tangle)** exceeding 2x growth per annum.

Product Launches

Oculo completed the trial launch of its Pulse product, receiving excellent feedback with 90% of its customers expressing interest in adopting the new capabilities. The full launch is planned for June 2025.

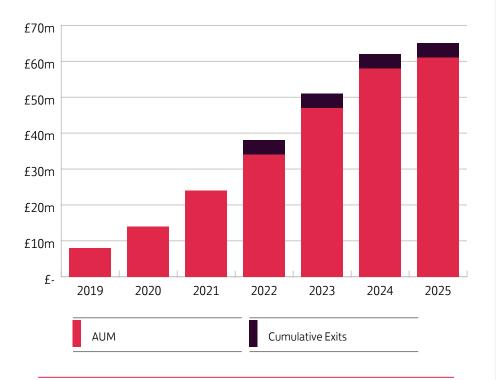

GT Wings successfully completed sea trials of its AirWing[™] with a maiden journey to Canada, marking a major milestone for the company.
